OAIMA
Ohio Level I & Level II Aggregate Technician
Online Re-Certification Request Form

If you have taken the Level I or Level II Aggregate Technician training, your certification is good for 5 years. After 5 years you need to be re-certified to keep your certification current. To request online re-certification, fax: (614) 428-7919 or e-mail: alineg@oaima.org this completed form to OAIMA. Once information is received and verified, you will be contacted via email regarding your online re-certification login and password/s. Once you receive your password/s you will have 48 hours (2 days) to complete the testing.
Level I and Level II Aggregate Technician Training are considered two different courses of study and both require re-certification at the time of expiration. Being Level II Certified does not exempt one from keeping their Level I Certification up to date. **If your certification has expired, you are not eligible to re-certify online. Please contact OAIMA at 800-OH-ROCKS (647-6257) for further information.**

I _____, Request to take the online re-certification for Level I / Level II.
