

**Project STONE...**Wright State University's Departments of Earth & Environmental Sciences and Teacher Education, in collaboration with the Ohio Aggregates and Industrial Minerals Association and the Ohio Board of Regents, offer this nationally recognized, award winning professional

## **Science Teaching for Ohio's New Economy (STONE)**

### **WHAT YOU'LL LEARN:**

- How to infuse Earth science content into inquiry science lessons and other curriculum areas
- What career opportunities are available for your students in the fastest growing STEM field, Earth Science
- How to connect with professional Earth science practitioners for classroom resources, career days and field experiences for you and your students
- Create, assess and report on an inquiry-based activity you develop for your classroom during the academic year.

**AUDIENCE:** All teachers of grades K-12 in all curriculum areas and intervention specialists

**DATES:** Two-week summer 2017 workshop June 19-23 and June 26 - June 30, 2017, 8:30 - 4pm. You will receive free lodging if you live more than 60 miles from Wright State University.

**COST: Better than Free!** Participants can receive CEU's or graduate credits. Graduate credits are available at a greatly reduced cost. A limited number of graduate credit scholarships are available.

Teachers also receive a \$250 stipend to spend as they wish.
