& MSHA Safety Services Inc.

Part 46

New Miner Training

MSHA Safety
Services Inc.

Dates: March 19, 20 & 21, 2024

Place: OAIMA office, 746 Morrison Rd., Gahanna, OH 43230

Time: 8:00 am to 5:00 pm

Cost: \$850 per person (lunch will be provided)

This 3 Day Training is being made available by MSHA Safety Services Inc. and the Ohio Aggregates & Industrial Minerals Association.

MSHA Part 46 training is mandatory for those working at surface mine operations and contractors working at surface mines.

New miners must complete the **New Miner Training**, while experienced miners must take the **Annual Refresher Training (ART)**.

The training covers a range of topics, including hazard recognition, health and safety regulations, emergency procedures, mine-specific procedures, and the proper use of equipment & machinery.
